

BMWCCACT News

May 2020

Dear {Contact_First_Name},

Welcome to BMWCCACT News May 2020 after a summer of fires & smoke and our return to the new normal as we work through COVID-19. With the Club virtual 2020 AGM complete the new Committee has had its first in person meeting and join me in welcoming Toby Rudkin (K1300R) to the Club. Please make Toby welcome on his first and your next ride with the Club.

With the easing of ACT restrictions on groups and regional NSW travel - whilst maintaining social distancing - Ride Coordinator Cameron Major is set to unleash his list of rides to [What's On](#). There is a caveat or 'new normal' in that rides will be capped to 10 registrants with What's On listing the date, time, distance (km) and type TS/GS of ride but not the start point or destination. Members will be able to register to the ride and Cameron will email the start time and location the day before the ride. Please do not turn up or bring 'non-registered' partners or friends as this will cause the ride to be cancelled. Your registration is non-binding, but please do not register for interest and then not show up as you will have stopped someone else who had wanted to go. Hopefully the group cap will resolve itself in the coming months.

The AGM whilst successful has left the committee short of a Club and Social Secretaries. If you would like to help out in the administration of your Club please contact me. No committee position takes a lot of time or particularly onerous and offers rewards in other ways. For those that voted in the AGM you were entered in a mystery raffle prize. The President gave each voter a number and separately asked Treasurer Bob to pick 2 winners using a random number generator. The first 2 winning numbers were Jane Smee who donated her prize back (not knowing the first time and generously the second) before long term member David Morgan name came up along with new Club member Tony Hanson. Both receive a can of tyre inflator and sealant. Thanks to everyone that voted.

The Committee voted to continue the member subsidy for rider (\$100) and first aid (\$50) training for the 2020 year [Member Rider & First Aid Training](#) and purchase of a GS-911 for the DIY maintenance members. DIY not your thing? Then Rolfe Classic BMW Motorrad (& other BMW dealers) are offering a pickup & return service and Autumn Maintenance deals on your motorbike. Details are on the Club [homepage](#) or you can call the dealership direct (02) 6208 4111 and ask for Motorrad.

Club monthly meetings will continue on the first weekend of the month with a combined ride and meeting and occasional return of the park breakfast & ride.

The Committee and I look forward to your support and meeting up on a ride in the near future and as always if you are not seeing a ride that you know of or to a favourite destination let the Committee know.

Enjoy your ride

Garry Smee
President & Chair BMWCA
