

BMW MCCA ACT News

April 2021

Dear {Contact_First_Name},

This is my last News as Club President 2020-21 and opportune time to thank my and your outgoing committee of VP Mike Frawley, Treasurer Bob Eccles, Ride Coordinator Cameron Major, Membership and Club Secretary Mike Kelly and Public Officer Kim Tito for their contribution and enthusiasm along with member's participation throughout 2020-21. The COVID-19 year that is still hanging on.

Club membership remains stable with 116 financial members, fiscally the Club is in a *"sound financial position"* with the Treasurer to elaborate on at the AGM. A personal highlight was the Club and rallyists raising \$1500 at the *39th Kosciuszko Rally* and donation to the RFDS.

There is still time to register to attend or even nominate for election to the Committee at the [2021 AGM of the BMW MCCA ACT Inc. \(Club Event\)](#) this Saturday 10 April 2021. Whilst all positions are declared vacant for election, some are actually vacant without nominees. You must nominate before the AGM starts.

Join me in welcoming our newest members Sharon Kelly (Joint+ to Mike K), Timothy Magee (R1250GSA), Mike Read (F750GS) and Tim Wilson (K1200GT). Please make them welcome on their first and your next Club event.

The Club celebrated its 40th anniversary with a ride to the Cotter (original first ride), except the Cotter BBQ's were closed following the preceding weeks rain and flood event necessitating a relocation to Scrivener Dam for our BBQ lunch, both were well attended by members. Thank you to Mitchell Smee for driving the support vehicle with BBQ and drinks.

Stand next to your bike for a group photo, sounds different to Club members.

The Club website offers more than just [What's On](#). Your Club is fortunate to receive other Club e-magazines and shared to the website, has links to providers and Club

member sponsored training opportunities and tools. Your Club membership includes your partner with options for their own login and personal emails or as a passive membership (no email) at no additional cost. There is some back end work required so contact the Membership Secretary if you or partner are interested.

Your Club is lead and co-host for the [BMWCA National Motorrad Rally 2021 \(NMR21\)](#) in Condobolin NSW over the Queens birthday long weekend 11-13 June 2021. Why not come along, bitumen all the way - but there are dirt routes as well? We hosted NMR14 in Lake Cargelligo raising ~\$1000 for the Curlew Auxillary (community group) attached to LC Hospital and NMR18 in Wallerawang NSW raising \$4800 for the Prostate Cancer Foundation Australia.

I'll close this news by wishing the incoming 2021-22 Committee all the best with your support. There are plenty of events on the calendar, with members invited to suggest rides and contribute to the committee. Always register to events - it does help - and ask or speak up if you don't know.

Clubs are only as strong as their members and YOUR participation.

Enjoy your ride

Garry Smee
